30 Seconds with Karen

We're back, and with all new Karen quotes! The Newsletter will be continuing its newest segment "30 Seconds with Karen" all semester long with original topics every week, so be sure to check back often.

This week's topic was "Daisey and Dash."

Honorable Mention: "Ok, the next topic is: Daisy and Dash."

Karen: "Oh gosh, well everybody in the program knows Daisy and Dash and probably think they're spoiled rotten. And that would be true because the President feeds them granola every morning and little plates of dinner at night when he gives them green beans, carrots, and a little mashed potato cut into little, tiny bites. (laughs) However, I will tell you that they are not as spoiled as a dog I heard of at Christmas who at the Christmas dinner, it was a Yorkshire Terrier, had a chair at the table so it could reach its plate. (laughs)"

If you have a topic you'd like Karen to discuss, just email the Honors Office at honors@bw.edu.
