A Program On The Move

ON THE COVER of the 2004 Baldwin-Wallace College Web-Based Men Golf Guide is junior **Bobby Santerre (Cincinnati/ LaSalle High School)**. Last year **Santerre** earned All-Ohio Athletic Conference honors with a sixth place finish at the OAC Championship Tournament. Also on the cover to the left is junior **Mark Speaks (Apple Creek/Waynedale High School)**. On the right, is team captain and junior **Gary Petit (Marietta High School)**. **Santerre, Tornabene** and **Petit** have helped B-W to two straight second place finishes at the OAC Championship tourney and a regional ranking each year.

Head Golf Coach Chris Kibler

Chris Kibler returned to his alma mater, Baldwin-Wallace College as the Head Men's Golf coach after spending five years at NCAA Division II Gannon (Pa.)

University.

A 1994 graduate of the College who earned his Master's degree in Sports Administration at Kent State University in 1998, Kibler helped Gannon to a 105-39 record during his five years, including four straight NCAA Division II Tournament appearances with the men's basketball team.

Kibler served as an assistant basketball coach at Centenary College in Hackettstown, New Jersey during the 1995-96 season and then returned to Ohio to begin work on his masters degree at Kent State. From 1996-1998, Kibler served as an assistant

coach at B-W and helped the Yellow Jackets win an OAC Tournament title and earn a spot to host a first round NCAA Division III Tournament contest.

While a student at B-W, Kibler majored in business administration, sport management and pre-law. He also worked in the sports information office. At B-W Kibler also serves as an assistant basketball coach for Head Coach Steve Bankson. He is responsible for assisting Bankson with all aspects of game and practice situations as well as scouting and recruiting.

I enjoyed my first season as the men's golf coach," said Kibler. "This fall, we have a strong nucleus of our team coming back and have a few recruits who will come in and compete very hard to challenge an already talented roster.

"The 2004-2005 B-W Golf season should prove to be one of B-W's finest. We'll enter this year with a lot of expectations, mostly self-imposed expectations," said

Kibler. "Last year we finished second in the OAC, yet we were very inconsistent throughout the year. Therefore, a point of emphasis will be to improve our consistency, and finish better in every tournament than last year. Our main goal will be to win the OAC. I look forward to that challenge this year." said Kibler

"Chris is a young man with great energy and enthusiasm," said Bankson. "He has also been an active recruiter and scout of the opposition. We feel that he has been a solid addition in our basketball program and a great leader as our head men's golf coach.

"We will achieve everything in a first class manner." said Kibler. "It is a great privilege to represent Baldwin-Wallace College in any sport, and as golfers we will certainly uphold the gentlemen's code of conduct and behavior."

Kibler is a native of New Concord, Ohio and a graduate of John Glenn High School.

The Annual Spring Break to the Carolina's

This year, as with every year, the team will head south during the Spring Break week of school.

This kicks off our Spring season and affords the players an opportunity to play several rounds of golf on some of the countries' best golf courses. It is also a great bonding experience and vacation get away from the strenuous demands of being a student-athlete.

The highest priority during the Spring Trip is placed on improvement and preparation for the always challenging Spring Schedule.

Two years ago the team traveled to Hilton Head, South Carolina. They golfed at The Belfair, Old Carolina, and Fox Den Country Club.

All three courses have connections to current and or BW Golf Alumni. This past season we traveled to Sunset Beach, N.Carolina. The team stayed at SeaTrails Golf Resort, and practiced on their 3 prestigious courses.

"These are experiences we feel help separate our program from so many others." said Head Coach Chris Kibler. " Being a B-W golfer is a tremendous accomplishment, and a rewarding experience!"

Yellow Jacket Men's Golf Team Looks to Improve and Challenge for Conference Title in 2004-2005

BEREA, OHIO -- The Baldwin-Wallace College men's golf team will seek to improve on its second place finish and challenge for the 2004 Ohio Athletic Conference title this fall.

"The 2004-2005 Yellow Jackets should prove to be one of B-W's finest," said Head Coach Chris Kibler. "We have a large nucleus of our team back plus a few recruits who will come in and compete very hard to challenge an already talented roster."

Returning All-OAC and number one golfer, junior Bobby Santerre (Cincinnati/LaSalle), will lead this talented group. Santerre finished second on the team in stroke average with 78.43 during the spring season. He shot a career-tying low of 73 on two separate occasions. During the fall season, Santerre averaged 78.60 strokes per 18-holes which was third lowest on the team.

In addition to Santerre, junior Joseph Tornabene (Canton/Jackson) was third in stroke average with a 79.83 mark and will continue to improve. He posted a career-low round of 73 during the Denison Tournament in April. During the fall,

Tornabene was second on team with a 76.83 stroke average per 18-holes.

Junior team captain Gary Petit (Marietta) was fourth in average at 80.52 strokes per round, and shot a career-low 75 at the Wooster Tournament. During the fall, Petit averaged 79.30 which was fourth best.

"Gary is primed for a breakout season with the experience he has under his belt" said Kibler.

Senior Chuck Scarbrough (Warren/Howland) and junior Steve Porter (Massillon/Perry) averaged 80.52 to 80.66 strokes per 18 holes respectively and provides depth for an already talented team. Scarbrough shot a season best 78 at the Denison University Tournament. Porter added a season-best of 79 at the Wooster Tournament.

Senior All-OAC Mark Speaks (Apple Creek/Waynedale) is a solid player who is talented enough to battle for the number one player spot this fall. Speaks will look to get back to his All-OAC form in the fall after a junior season in which he averaged 81.50 in the fall followed by a 82.5 stroke average in the spring.

Senior Aaron Cuddy (Ashtabula/

Junior and team captain Gary Petit returns to the course in 2004-2005 and looks to be a key player for the Yellow Jackets.

St. John and Paul), who averaged 80.57, will also be in the mix for the opportunity to travel every week.

Three incoming freshmen Mike Jenior (Rootstown), Matt Lewis (Canal Fulton/Northwest) and Nathan Federonick (Magadore/Fields) will contribute this fall also. Jenior finished seventh in the High School State Tournament and has the ability to come in and push for opportunities.

Lewis competed in the state tournament last year as a senior at Canal Fulton H.S.

"He will be a strong addition to our program," said Kibler.

Federonick was a four-time Portage County League first-team pick.

"Nathan has the necessary skills to become a great B-W golfer" says Kibler.

The 2004-2005 men's golf team has the potential to exceed many expectations and should be a force to reckon with this fall. The Yellow Jackets will begin the fall season September 3-4 at the Olivet (Mich.) College Invitational.

The 2003-2004 Yellow Jacket men placed second at the OAC Championship Tournament and narrowly missed qualifying for the NCAA Division III Tournament.

The Ohio Athletic Conference; the Third Oldest Conference in the Nation

Entering its 102nd year, the Ohio Athletic Conference will look to continue its prominence during the 2004-05 year. In 2003-2004, the OAC was once again represented well at the national level, both academically and athletically.

During the 2003-04 season the OAC advanced 11 teams to the NCAA Division III "Sweet 16", including Wilmington College winning the National Title in women's basketball. Mount Union College finished runner-up in football and the John Carroll University men's basketball squad finished third. Three teams finished in the "Elite Eight" at the NCAA's: Ohio Northern University in volleyball, Muskingum College in softball and Wilmington in indoor track and field; and five teams ended their seasons in the "Sweet 16": Baldwin-Wallace College in football, Wilmington in women's soccer, JCU in men's soccer and wrestling and Otterbein College in men's golf. Individually, Mount Union's Eddis Singleton and Wilmington's Emily Herring both became national champions in their respective events, the 50-yard freestyle in swimming and the high jump in track and field.

Individually, the Conference was represented by 56 All-Americans, 32 men and 24 women, and 13 Academic All-Americans to go along with a bevy of regional and national honors for our student-athletes and coaches. The Conference also had an athlete earn CoSIDA Academic All-America Team Member-of-the-Year honors in her respective sport.

The OAC, the third oldest conference in college athletics, is predated only by the Michigan Intercollegiate Athletic Association (1888) and the Big Ten (1895). The Conference is older than the World Series and even the NCAA itself and has survived two world wars, the Great Depression, the Korean War and the Vietnam Conflict. From a modest beginning of six charter members in 1902, the OAC grew to as many as 24 members in the mid-1920s.

Through the years a total of 30 colleges and universities at one time or another have been members of the OAC. Currently the Conference consists of 10 members, including Baldwin-Wallace College, Capital University, Heidelberg College, John Carroll University, Marietta College, Mount Union College,

Muskingum College, Ohio Northern University, Otterbein College and Wilmington College. Wilmington became the 31st OAC member school, on July 1, 2000.

In the OAC's first year of existence, 1902, the first Conference champion was crowned. Case Tech won the football title with a 5-0-0 record. Outdoor track was added a year later and a third sport, cross country, became a Conference sport in 1914. More sports were steadily added to the OAC's repertoire throughout the years, culminating in the addition of women's sports in 1984. The Conference currently sponsors championships in 21 sports, 11 men's and 10 women's.

The enrollments at the 10 OAC institutions range from 1,200 to 4,500. All of the schools were founded in the 19th century and have long and outstanding academic reputations. While maintaining these high academic standards, Ohio Athletic Conference athletic teams and athletes have consistently enjoyed a great deal of success on a regional and national level. The athletic competition is viewed not as an end in itself, but as an extension of the educational programs.

The Men's Golf Team Posted a Second Place Finish at the 2003-2004 OAC Men's Golf Championships

BEREA, OHIO -- The Baldwin-Wallace College men's golf team finished in second of nine teams at the Ohio Athletic Conference Tournament hosted by Otterbein College at Rattlesnake Ridge in Sunbury. Sophomore Bobby Santerre (Cincinnati/LaSalle) shot a two-day total 155 (82-73) and finished in the top-ten to earn All-OAC honors.

The Yellow Jackets carded a first day, 18-hole team total of 325 strokes and followed that effort with a 323-stroke total on the second day to finish behind Otterbein College who shot a two-day total 610.

Individually, B-W was led by Santerre who finished fifth individually with the 155 total. He was followed by

sophomore Steve Porter (Massillon/Perry) at 164, senior Luke Sondej (Columbus/ Upper Arlington) with a 167, sophomore Gary Petit (Marietta) at 168 and sophomore Joe Tornabene (Canton/ Jackson) carded a 168-stroke total

The Yellow Jackets end a very successful spring season finishing in the top-ten in five out of the six tournaments played this season including finishing first at the John Carroll Tournament. B-W will lose just one player this year and will return a solid core of players next year

Baldwin-Wallace College;

A Quality Education With A Personal Touch"

Applying to Baldwin-Wallace

Admission to B-W is offered on a selective basis. Each application is reviewed independently on its own merits, with careful consideration of course work, class rank, grade point averages, recommendations, test results (SAT or ACT) and extracurricular activities. To apply for admission, we encourage you to complete the application between **September** and **March** of your senior year.

A good high school preparation for B-W includes four years of English, and at least three years of math, social science and natural science, two years of foreign language, and three years of additional academic electives.

Candidates are considered as soon as all application requirements have been met, with notification usually within four to six weeks after their credentials are received.

An Exceptional Value

B-W is committed to making college affordable. In fact, your chances of receiving some form of financial assistance at B-W are excellent. Nearly two-thirds of our current students receive B-W need-based aid; and more than 90 percent receive assistance in some form.

Your first step in the financial aid process is to complete the F.A.F.S.A. (Free Application for Federal Student Aid). This should be completed no later than March 1st. After you have been admitted to B-W and the F.A.F.S.A. report has been received and processed, you will receive your award. Typically this will consist of gift assistance (need-based grant and scholarship), low interest federal loans and work study employment.

Facts About the College

Name: Baldwin-Wallace College

Address: 275 Eastland Road
Berea, Ohio 44017-2088

Phone: (440) 826-2222 or 1-877-BW-APPLY

Founded: 1845

Full-time Enrollment: 3,100

Student/Faculty Ratio: 15:1

Degrees Offered: B.A., B.S., B.S.Ed. B.M.,
B.M.E., M.B.A., M.A.Ed.

Divisions: business administration, education, health and physical education, humanities, music, science and mathematics, and social science.

E-mail: admission@bw.edu

Web site: <http://www.bw.edu>

The Facilities at Baldwin-Wallace College Are Among

The Baldwin-Wallace College student is afforded the opportunity to learn, exercise, practice and play in some of the finest facilities in small college athletics. In addition, as a student at B-W, each has an opportunity to use a group of facilities that are unparalleled in Division III athletics.

The Recreation Center with the Ursprung Gymnasium, Harrison Dillard Track and Natatorium, The George Finnie Stadium, the B-W Baseball Field, the "Pop" Collins Tennis Complex and other outdoor recreation and athletic areas at Baldwin-Wallace make the Yellow Jackets physical plant second to none among small colleges.

The Baldwin-Wallace College Recreation Center, dedicated on October 18, 1986, is a facility that benefits all B-W students, faculty, staff and alumni and is considered one of the top recreation facilities in the country.

The 150,000 square foot Rec Center serves as home for the health and physical education departments, all winter intercollegiate and intramural sports, as well as playing host for a number of amateur sporting events.

The Rec Center, which includes the Rudolph S. Ursprung Gymnasium, serves as the home of Yellow Jackets basketball, volleyball and wrestling teams. Ursprung Gymnasium, which has housed B-W basketball since 1949,

received a complete renovation in 1986. In addition to B-W playing in the Ursprung Gym, the Ohio High School Athletic Association has long used the B-W facility for its sectional and district tournaments for boys.

The fieldhouse consists of a 200-

activities. On many occasions, the B-W basketball team has been playing a game while a wrestling match or an intramural basketball game was taking place in the Rec Center fieldhouse.

The Harrison Dillard Track, along with the multi-purpose courts, have

The Ursprung Gymnasium was renovated in 1986 and seats more than 2,800 fans for basketball, volleyball and wrestling. The basketball stands are situated away from the floor with an excellent view from any angle.

meter, six-lane track that is named for 1949 B-W graduate and four-time Olympic gold medalist Harrison Dillard. The track, with its Mondo surface, is both fast and comfortable for the walker, jogger or serious runner. Pits for the field events are also incorporated. The track surrounds three multi-purpose courts that can be used individually or in tandem for volleyball, basketball, tennis and other ac-

been home for the B-W indoor track teams, the John Summa Invitational Wrestling Tournament, the Ohio Sports Festival (basketball and wrestling venues) and many local high school track meets.

Also in the Rec Center is the B-W Natatorium, home to the Yellow Jacket swimming and diving teams. The facility includes a 25-yard, six-lane pool

The Baldwin-Wallace College Natatorium is home to Yellow Jacket swimming and diving. The pool is also available to all B-W students and receives use by the community and elderly.

The Harrison Dillard Track in the B-W Fieldhouse is a six-lane, 200-meter oval that has served as the site of many B-W, OAC, high school and amateur championship meets.

the Best for Any Small College in the Country

In 1998 The George Finnie Stadium was filled with more than 10,000 fans to watch the Yellow Jackets play football. It is known as the "Magic Carpet." It has also served as the site for five Division III national track meets, the Pan Am Games qualifying meet, the Ohio Games and the A.A.U. Junior Olympic championships. It seats 8,100 fans comfortably.

with a one-meter diving board. The movable pool bottom has adaptive physical therapy applications and can be used by the disabled.

As part of the renovation of Ursprung, chairback seating and a new media center were constructed while training and physical therapy, laundry and eight locker rooms were added. Other features include a room for news media as well as exhibit and storage areas for the B-W Athletic Archives. The Archives give students, alumni, parents, friends and visitors to Baldwin-Wallace a glimpse of the rich tradition and heritage of Yellow Jacket teams and athletic greats.

The Finnie Stadium (pictured above) is one of the nations best small college stadiums for football and track and field. The Yellow Jacket men's and women's soccer teams also play at Finnie.

B-W has already hosted three NCAA Division III national championship track meets, numerous NCAA and Ohio High School Athletic Association football playoff games as well as being the home field to both Berea High School and Middleburg Heights Midpark High School. The Ohio Sports Festival/Ohio State Games also uses Finnie as both a regional and state championship site.

The B-W Baseball Field is located

on the campus within walking distance of the student dormitories. The facility has a manicured playing surface and seating for approximately 200 fans. The B-W Baseball Field has been the host site for four OAC Baseball Tournaments and is home to the nationally-ranked Yellow Jacket baseball squad.

The "Pop" Collins Tennis complex

is named in honor of former B-W tennis coach and teacher Arthur Worth Collins, the father of nationally renowned sports-writer and television tennis analyst Arthur "Bud" Collins '51. The facility is on campus and includes six courts which are lighted for night play.

In addition, the Yellow Jacket softball team plays at the Cuyahoga County Fairgrounds Field. Last spring was the first season for the Yellow Jackets at their new field.

Does such a strong group of facilities benefit the Yellow Jacket women's basketball program? Definitely! Practice time is available in the Ursprung Gym or the fieldhouse. That means the men and women can practice at the same time without conflict. Players have a wide variety of options for pre-season and post season weight and conditioning programs.

"The entire Rec Center is a plus to our program," says head coach Cheri Harrer. "The playing, practice and dress facilities are among the finest in Division III. Having a number of courts in the fieldhouse gives us the opportunity to work with a greater number of players in our varsity and junior varsity programs.

"It is one of the finest training centers of any small college in the nation," says Harrer. "We feel the Rec Center has answered the needs of the B-W community."

The student-athlete is afforded the best in equipment to use in B-W's weight and training rooms. B-W also benefits from its affiliation with the Cleveland Clinic Sports Medicine Division. A clinic doctor is at virtually every athletic event.

Publicizing The Yellow Jacket Men's Golf Student-Athlete;

Every Baldwin-Wallace student-athlete is treated equally and fairly by the media

To The Parent's of Prospective B-W Men's Golf Players

The Baldwin-Wallace College sports information office is pleased to be able to service all media who request information concerning Yellow Jacket athletic teams, coaches and student-athletes.

Members of the media are asked to contact the B-W Office of College Relations and Sports Information by either telephone or facsimile machine for the latest in team and individual information.

The Baldwin-Wallace College men's golf student-athlete is one of the best publicized in all of small college and NCAA Division III athletics. Several factors help this to happen.

Its location, its national and conference affiliation and philosophy of athletics, its administration and coaches and its support of the student-athlete all play large roles in telling others about B-W and the successes of its student-athletes.

Baldwin-Wallace College is a small, private, liberal arts college located 12 miles southwest of Cleveland, Ohio. While being in the small and progressive local community of Berea, B-W student-athletes benefit from being close to a major urban area such as Greater Cleveland/Akron. B-W athletics receive support both in Cleveland and Akron and in the Berea community itself.

Being a member of the prestigious Ohio Athletic Conference and playing NCAA Division III athletics also is an advantage. Coaches who are teachers first forge a solid commitment to the Division III philosophy of the student-athlete. Baldwin-Wallace also is proud of its athletic heritage and the fact that it has produced 54 College Division Academic All-Americans since 1972. A year ago, B-W had two Academic All-Americans: football student-athlete Joe Harbour (Upper Sandusky, Ohio) and softball student-athlete Nicole Loudin (Sheffield Lake, Ohio).

"We feel that athletics participation is a part of the educational experience of our student-athletes, not apart from it," said Baldwin-Wallace College President Mark H. Collier.

"We are extremely proud of the success of our athletics programs and our student-athletes."

In 2003, Matt Kish, a football student-athlete attained the highest grade point average in the senior class and was awarded the Milton T. Baldwin Prize at graduation.

Support in terms of facilities, equipment and transportation and in staff provides the Baldwin-Wallace student-athlete with a luxury not enjoyed at many other schools.

One part of that support is in the area of sports information. A diligent staff of B-W sport information student assistants and sport management majors work with the director to publicize B-W and its coaches and student-athletes in 20 NCAA Division III sports.

The students learn first-hand about publicizing a program by updating the internet website, writing hometown press releases and doing feature stories, doing game and cumulative statistics as well as statistical analysis, game and special event programs, recruiting brochures and media guides, contacting local, state and national media sources prior to and after each game and promoting and administering special events during athletic contests.

Each Yellow Jacket Men's golf student-athlete receives a preseason, mid-season and postseason hometown press release which is sent to the individual student-athlete hometown newspaper. When the student-athletes fill out a preseason questionnaire, each is asked to list his or her hometown newspaper.

After each men's golf match, the internet website is updated, a FAX is sent to B-W's base of local, state and national media that regularly cover or have requested B-W coverage. In addition, hometown facsimile messages about individual performances are also sent either the night of the contest or the next day.

The day following an athletic event, statistics are updated and made available to all requesting the information.

Campus radio station WBWC, 88.3 FM, broadcasts all home and away football and basketball games as well as covering all other Yellow Jacket sporting events, press conferences or announcements on a selected basis. *All Yellow Jacket men's and women's basketball games are also broadcast over the internet website at www.bw.edu/athletics.* A number of former B-W student broadcasters have gone to successful careers in the Greater Cleveland area, both in radio and in television. In addition, the four local commercial television stations and numerous radio stations do game coverage and feature interviews on a selected basis.

The Baldwin-Wallace College student-athlete receives excellent local small college coverage both in terms of game coverage and hometown coverage by *The Plain Dealer* (Cleveland's major daily with a circulation of more than 500,000 homes), the *Chronicle-Telegram* (based in Elyria, Ohio), the *Morning Journal* (based in Lorain, Ohio), the *Beacon-Journal* (based in Akron, Ohio), the *Medina County Gazette* (based in Medina, Ohio), the *Sun Newspapers* (Cleveland's largest weekly newspaper serving the Greater Cleveland area) and a number of other daily and weekly publications in Northeast Ohio.

Overall, the sports information office at Baldwin-Wallace College offers the student-athlete the opportunity to receive maximum exposure at the small college level. In addition to giving the Yellow Jacket student-athlete the most comprehensive coverage available at the NCAA Division III level, the B-W sports information student assistant garners solid skills in writing, communications, marketing, promotion and publication layout and design. Overall, 14 former SID student assistants have gone on to sports information careers at either the NCAA Division I and I-AA level such as the University of Texas, Arizona State University, the University of Nebraska, the University of Arkansas, the University of Florida, Monmouth (N.J.), Kent State University, Eastern Michigan University and others. Others are involved with professional teams such as the Kansas City Chiefs of the NFL and the Cleveland Force of the MISL.
