2017 Summer – Institute for Problem Solving

Questions for the applicant. (To be answered by the student applying for the Institute.)

1. Would you describe yourself as a better listener or a better talker? Explain your choice.

2. If you were solving a problem in a three-person group (of your peers), would you be a follower, a leader or something else? Explain your choice.

3. If you were the captain of a team of three and were asked a multiple choice question to which you were sure that the answer was A, but your two teammates were sure that the answer was B, what would your final answer be and why?

4. What is your favorite subject and why?

5. What is your current career choice?

6. What do you hope to gain from this problem-solving camp?

7. What is the hardest problem that you have ever solved?

8. What is the best idea that you have ever had?

9. If you turned a right-handed glove inside out, would it be a right-hand glove or a left-hand glove?

10. What do you do with an unexpected free day, like a snow day?
