**Safety and Security 440-826-2000**

**\* Student concerns and questions:**  
**Office of Disability Services 440-826-5936**

**\* Faculty and staff concerns and questions:**  
**Human Resources 440-826-2220**

**NOTES**

- \* The B&G priority snow route is implemented during snow and ice events.
- \* When snow accumulates 2 inches or greater or when icy conditions exist, the route will cover one entrance to every building, which will be the handicapped entrance.
- \* Main access route from North Campus to South Campus is the intersection of Beech Street and Bagley Road.
- \* At times this may be the only opened route from North to South Campus due to city snow plowing of Bagley Road.
- \* During heavy snowfalls the primary snow routes will continually be plowed and salted.
- \* Secondary routes will not be opened until snowfall stops and primary routes are done and can be safely navigated.
- \* Primary routes are priority throughout the day until early evening.
- \* As events dictate, other areas on campus will be maintained also (e.g. night classes and special events).
- \* We will also strive to keep handicapped parking spaces as priorities in all parking lots.
- \* For visually impaired crossing of Bagley Road, please use the Bagley Road - Beech Street crossing, which will have the voice instructions for crossing.
- \* PLEASE USE CAUTION AROUND THE SNOW REMOVAL EQUIPMENT.
- \* Please report any path obstructions to the Safety and Security Department by calling 440-826-2377 or x2000 from your campus phone.
