Personal Expenses (Personal expenses, although not billed, are considered when your financial aid eligibility is determined. You are not obligated to borrow or finance these expenses; some students do not find it necessary to borrow in order to pay for books or meals. If you choose to borrow by way of a loan to finance any of your personal expenses, <i>carefully</i> decide on the amount, so you are not borrowing more than you actually need. If you don't need to access financial aid for any of your personal expenses, no further action is required. If you change your mind during the course of your enrollment this academic year, please contact us for assistance.)
