Physical Health Disorder Verification Form

Baldwin Wallace University Office of Dining Services provides services and accommodations for students with diagnosed disabilities. The documentation provided must demonstrate a disability covered under Section 504 of the Rehabilitation Act of 1973 and Title II of the Americans with Disabilities Act (ADA) of 1990. The ADA defines a disability as a physical or mental impairment that substantially limits one or more major life activity. For a student to be considered eligible to receive reasonable accommodations, the documentation must show the functional limitations that impact the individual in the post-secondary setting.

Dining Services requires current and comprehensive documentation to determine appropriate services and accommodations. As a guideline, Baldwin Wallace University generally requires documentation prepared within the last 36 months (3 years). The University reserves the right to request updated or more extensive documentation as appropriate. The information outlined below is necessary to evaluate eligibility for accommodations.

- The professional(s) conducting the assessment, rendering a diagnosis, and providing recommendations for reasonable accommodations must be qualified to do so. These persons generally are trained, certified or licensed medical practitioners in the field(s) related to the impairment.
- All parts of the form must be completed as thoroughly as possible.
- The provider should attach any reports which provide additional, related information. A copy of a relevant evaluation report may be submitted as documentation, in lieu of this form, as long as it is comprehensive, current, and meets all of the documentation requirements as outlined in the Baldwin Wallace University General Guidelines for Documentation, available at www.bw.edu/DisabilityServices.
- The information provided on this form is NOT part of the student's permanent educational record, but will be maintained with the Dining Services office.
