For admission and successful completion of graduate education programs (initial licensure programs), teacher candidates must hold a cumulative GPA of 2.8 or higher in all BW courses, a GPA of 2.8 or higher in all EDU courses, and meet the GPA requirements for their teaching field(s). Teacher candidates must also have completed all prerequisite coursework in education with grades of C or better and received satisfactory scores on the dispositional assessment.

## Supervised Clinical Experience

**Note:** The clinical experience requirements in this section are preloaded from the prior year's IPRC. Teacher preparation providers will enter the number of participants each year.

Provide the following information about supervised clinical experience in 2023-24. ([§205\(a\)\(1\)\(C\)\(iii\)](#), [§205\(a\)\(1\)\(C\)\(iv\)](#))

Please provide any additional information about or descriptions of the supervised clinical experiences:

BW's Supervised Clinical Experiences include the unduplicated numbers of candidates, Cooperating Teachers, and Faculty Supervisors in the internship experience and Clinical Practice (student teaching). The internship experience is completed in the semester prior to student teaching and in many cases, candidates have a year-long placement in which they remain with the same Cooperating Teacher and University Supervisor during the academic year.

# Enrollment and Program Completers

In each of the following categories, provide the total number of individuals enrolled in teacher preparation programs for an initial teaching credential and the subset of individuals enrolled who also completed the program during the academic year.

(§205(a)(1)(C)(ii))

THIS PAGE INCLUDES:

>> [Enrollment and Program Completers](#)

Key terms in this section are listed below. Click on the link to view the definition(s) in the glossary.

- [Enrolled Student](#)
- [Program Completer](#)

## Enrollment and Program Completers

2023-24 Total	
Total Number of Individuals Enrolled	203
Subset of Program Completers	63

Gender	Total Enrolled	Subset of Program Completers
Male	51	15
Female	152	48
No Gender Reported	0	0
Race/Ethnicity	Total Enrolled	Subset of Program Completers
American Indian or Alaska Native	0	0
Asian	1	0
Black or African American	13	4
Hispanic/Latino of any race	13	4
Native Hawaiian or Other Pacific Islander	0	0
White	166	53
Two or more races	8	1

Race/Ethnicity	Total Enrolled	Subset of Program Completers
No Race/Ethnicity Reported	2	1

On this page, enter the number of program completers by the subject area in which they were prepared to teach, and by their academic majors. Note that an individual can be counted in more than one academic major and subject area. For example, if an individual is prepared to teach Elementary Education and Mathematics, that individual should be counted in both subject areas. If no individuals were prepared in a particular academic major or subject area, you may leave the cell blank. Please use the "Other" category sparingly, if there is no similar subject area or academic major listed. In these cases, you should use the text box to describe the subject area(s) and/or the academic major(s) counted in the "Other" category.

If your IHE offers both traditional and alternative programs, be sure to enter the program completers in the appropriate reports. For the traditional report, provide only the program completers in traditional programs within the IHE. For the alternative report, provide only the program completers for the alternative programs within the IHE.

After entering the teachers prepared data, save the page using the floating save box at the bottom of the page.

Key terms in this section are listed below. Click on the link to view the definition(s) in the glossary.

- Academic Major

THIS PAGE INCLUDES:

>> Teachers Prepared by Subject Area

>> Teachers Prepared by Academic Major

## Teachers Prepared by Subject Area

Please provide the number of teachers prepared by subject area for academic year 2023-24.

For the purposes of this section, number prepared means the number of program completers. "Subject area" refers to the subject area(s) an individual has been prepared to teach. An individual can be counted in more than one subject area. If no individuals were prepared in a particular subject area, please leave that cell blank. (§205(b)(1)(H))

### What are CIP Codes?

☐

No teachers prepared in academic year 2023-24

If your program has no teachers prepared, check the box above and leave the table below blank (or [clear responses already entered](#)).

What are CIP codes? The Classification of Instructional Programs (CIP) provides a taxonomic scheme that supports the accurate tracking and reporting of fields of study and program completions activity. CIP was originally developed by the U.S. Department of Education's National Center for Education Statistics (NCES) in 1980, with revisions occurring in 1985, 1990, and 2000 (<https://nces.ed.gov/ipeds/cipcode/Default.aspx?y=55>).

## Teachers Prepared by Academic Major

Please provide the number of teachers prepared by academic major for academic year 2023-24. For the purposes of this section, number prepared means the number of program completers. "Academic major" refers to the actual major(s) declared by the program completer. An individual can be counted in more than one academic major. If no individuals were prepared in a particular academic major, please leave that cell blank. [\(\\$205\(b\)\(1\)\(H\)\)](#)

Please note that the list of majors includes several "Teacher Education" majors, as well as several noneducation majors. Please use care in entering your majors to ensure education-specific majors and non-education majors are counted correctly. For example, if an individual majored in Chemistry, that individual should be counted in the "Chemistry" academic major category rather than the "Teacher Education–Chemistry" category.

### What are CIP Codes?

Respond to the following assurances. Teacher preparation programs should be prepared to provide documentation and evidence, when requested, to support the following assurances. [\(\\$205\(a\)\(1\)\(A\)\(iii\); \\$206\(b\)\)](#)

## Program Assurances

**Note:** This section is preloaded from the prior year’s IPRC.

1. Program preparation responds to the identified needs of the local educational agencies or States where the program completers are likely to teach, based on past hiring and recruitment trends.

☒ Yes

☐ No

2. Preparation is closely linked with the needs of schools and the instructional decisions new teachers face in the classroom.

☒ Yes

☐ No

3. Prospective special education teachers are prepared in core academic subjects and to instruct in core academic subjects.

☒ Yes

☐ No

☐ Program does not prepare special education teachers

4. Prospective general education teachers are prepared to provide instruction to students with disabilities.

☒ Yes

☐ No

5. Prospective general education teachers are prepared to provide instruction to limited English proficient students.

☒ Yes

☐ No

6. Prospective general education teachers are prepared to provide instruction to students from low-income families.

☒ Yes

☐ No

7. Prospective teachers are prepared to effectively teach in urban and rural schools, as applicable.

☒ Yes

☐ No

8. Describe your institution’s most successful strategies in meeting the assurances listed above:

All teacher education candidates are trained in working with diverse learners, including students with exceptional needs, limited English proficiency, and students and families from diverse backgrounds. The BW Field Office tracks and monitors candidate field placements to ensure a variety of experiences including urban, suburban, rural, and experiences in private and public schools. BW has worked to provide field experience opportunities for candidates from freshman through senior year which grow and develop from observational placements to course-embedded experiences, to the clinical-based model.

# Annual Goals: Mathematics

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route teacher preparation program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students.

[\(§205\(a\)\(1\) \(A\)\(i\), §205\(a\)\(1\)\(A\)\(ii\), §206\(a\)\)](#)

## Report Progress on Last Year’s Goal (2023-24)

1. Did your program prepare teachers in mathematics in 2023-24?

If no, leave remaining questions for 2023-24 blank (or [clear responses already entered](#)).

- ☒

Yes
- ☐

No

2. Describe your goal.

The BW Department of Education is partnering with Noodle (formerly Meteor Learning) to market the online MAED in Mathematics or Science programs. Additionally, the EPP has secured a significant amount of scholarship funding for these programs through 2024 and is projecting a goal of admitting one new MAED in Mathematics Teacher candidates in May 2023.

3. Did your program meet the goal?

- ☒

Yes
- ☐

No

4. Description of strategies used to achieve goal, if applicable:

We admitted one MAED in Mathematics and that student will graduate Spring 2025

5. Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:

The student was admitted with a scholarship using remaining funds from the Addressing Educator Shortages in Ohio Grant.

6. Provide any additional comments, exceptions and explanations below:

The MAEd in Mathematics and Science Teaching will end spring 2025.

## Review Current Year’s Goal (2024-25)

7. Is your program preparing teachers in mathematics in 2024-25? If no, leave the next question blank.

☒ Yes

☐ No

8. Describe your goal.

BW's mathematics department is revising the requirements for candidates in our AYA mathematics program to ensure the curriculum is better aligned with the content at those grade levels.

## Set Next Year’s Goal (2025-26)

9. Will your program prepare teachers in mathematics in 2025-26? If no, leave the next question blank.

☒ Yes

☐ No

10. Describe your goal.

BW will continue to offer our AYA Mathematics teacher education program. Enrollment is traditionally very low in this program, averaging only 2 graduates per year. Our goal is to increase enrollment to 3 per class.

# Annual Goals: Science

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route teacher preparation program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students.

The pass rates table is populated from files provided by the testing company or state. The table provides information on the performance of the students in your teacher preparation program on each teacher credential assessment used by your state. In cases where a student has taken a given assessment more than once, the highest score on that test is used. In the case of a teacher preparation program with fewer than 10 scores reported on any single initial teacher credential assessment during an academic year, the program shall collect and publish information with respect to an average pass rate and scaled score on each state credential assessment taken over a three-year period. 2. Provide a description of the evidence that your program uses to show that it prepares teachers to integrate technology effectively into curricula and instruction, and to use technology effectively to collect, manage, and analyze data in order to improve teaching and learning for the purpose of increasing student academic achievement. Include a description of the evidence your program uses to show that it prepares teachers to use the principles of universal design for learning, as applicable. Include planning activities and a timeline if any of the four elements listed above are not currently in place.

Our educational technology curriculum and course sequence within our initial license programs are crafted to equip our teacher candidates with comprehensive tech-integration skills and strategies throughout their academic program. In the foundational course, EDU 114: 21st Century Productivity Tools, first-year students delve into the Technological Pedagogical Content Knowledge (TPACK) model. Here, they grasp the profound interplay among technology, content, and pedagogy in the teaching and learning milieu. Following this, in their second year, candidates embark on EDU 214: Media Resources for the Education Professional. This pivotal course explores the theoretical underpinnings guiding the selection of technology to enrich teaching methodologies and bolster K-12 students' learning experiences. Candidates are trained in leveraging an array of tools for blended learning, encompassing screencasting, collaborative platforms, and student-driven digital projects. Transitioning into their third and final technology course, EDU 314: 21st Century Classroom Technology, our candidates—enrolled across Early Childhood, Middle Childhood, and AYA programs—immerse themselves in advanced applications of technology. This culminating course serves as the apex of their educational technology coursework, empowering them to integrate technology into lesson planning following the principles of UDL, appropriately using formative and summative assessments to monitor student progress, and harnessing data-driven insights to refine instructional strategies.

Provide the following information about your teacher preparation program.

**(§205(a)(1)(G))**

## Teacher Training

### 1. Provide a description of the activities that prepare general education teachers to:

**a. Teach students with disabilities effectively**

All initial undergraduate teacher candidates are required to complete the course EDU 104, Education of Children with Special Needs. Starting in Fall of 2025, this course was increased from 2 to 3 credit hours to increase the content. This course is designed to introduce the students to characteristics of learners with special learning, physical and emotional needs. Public laws, court cases, teaching and accommodation strategies will be explored as they relate to trends in reaching students with disabilities, gifts and talents, and diverse cultural needs in both special education and inclusive K-12 settings. Additionally, the strategy of Differentiated Instruction (DI) is introduced in 200-level EDU courses and included in lesson planning. Applying strategies of DI is incorporated at the 300-level EDU courses as candidates begin teaching lessons in their content areas through the 400-level EDU courses when candidates engage in clinical practice.

**b. Participate as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities Education Act*.**

Candidates from all teacher education program areas are introduced to IEPs in the course EDU 104, Introduction to Inclusive Early Childhood Education (all EDU students) or EDU 103 (Music Education students only), Education of Children with Special Needs (all other EDU candidates). In the course, EDU 324, Supporting Diverse Learners in Early Childhood Classrooms, Early Childhood teacher candidates examine IEPs and IEP data to utilize for lesson planning and assessment purposes. In the course, EDU 312, Middle Childhood, Adolescent to Young Adult, and Multi-Age teacher candidates complete a module on IEPs and the role of the general education teacher. In the course EDU 274, Introduction to Students with Mild/Moderate Educational Needs, teacher candidates engage in a simulated Intervention Assistance Team project in which they are introduced to the differentiated referral process, the identification of students with disabilities, and culminates in writing an IEP. During the project, candidates also address their role throughout the process and thereafter.

**c. Effectively teach students who are limited English proficient.**

Early Childhood Education and Mild to Moderate Intervention Specialist candidates are required to complete EDU 204, The Teaching of Phonics and Spelling, which provides instructional literacy strategies for primary-level general education students, as well as English Language Learners. Middle Childhood Education, Mild to Moderate Intervention Specialist, and Adolescent Young Adult candidates are required to complete EDU 348, Reading in the Content Area, which provides content and disciplinary literacy strategies for general education students and English Language Learners across disciplines.

### 2. Does your program prepare special education teachers?

☒ Yes

☐ No

If yes, provide a description of the activities that prepare *special education teachers* to:

**a. Teach students with disabilities effectively**

Candidates in the Mild to Moderate Intervention Specialist (K-12) program and the Dual-Primary (PK-5) program are provided an overview of special education in the 100-level EDU courses including an observation based field experience. At the 200-level, candidates begin a number of courses that begin to build their teaching skills such as lesson planning, writing IEPs, general classroom strategies, the collaboration process, transition development and application of technology based tools. Specific observations in the field are included at the 200-level. At the 300- and 400-level, candidates are learning to teach within a variety of content areas, how to use reading and technology strategies in those content areas, how to provide remediation in the content areas, assessment strategies, and behavior support strategies. Prior to clinical practice (student teaching), candidates are in the field for a significant portion of time teaching lessons in the various content areas, collecting and analyzing both academic and behavioral student data and more. The Mild/Moderate Intervention Specialist program requires two semesters of internship and the Dual-Primary program requires three semesters of internship.

**b. Participate as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities Education Act*.**

Mild to Moderate Intervention Specialist (K-12) and Dual-Primary (PK-5) candidates create and adapt instruction about students with disabilities and diverse cultural background enabling them to create and adapt instructional materials while using research-based teaching practices that optimize student learning. Collaborative best practices are embedded throughout their coursework enabling them to be effective special education teachers. They receive training about the IEP process which includes the development, implementation, and assessment of comprehensive IEPs for students. We have multiple field experiences in special education before students complete clinical practice. In the course EDU 274, Introduction to Students with Mild/Moderate Educational Needs, Mild/Moderate Intervention Specialist candidates engage in a simulated Intervention Assistance Team project in which they are introduced to the differentiated referral process, the identification of students with disabilities, and culminates in writing an IEP. During the project, candidates also address their role throughout the process and thereafter. In EDU 324, Dual-Primary candidates examine IEPs and IEP data for lesson planning and assessment purposes.

**c. Effectively teach students who are limited English proficient.**

Mild to Moderate Intervention Specialist (K-12) and Dual-Primary (PK-5) candidates are required to complete EDU 204, The Teaching of Phonics and Spelling, which provides instructional literacy strategies for primary-level general education students, as well as English Language Learners. Candidates are required to complete EDU 348, Reading in the Content Area, which provides content and disciplinary literacy strategies for general education students and English Language Learners across disciplines. Mild/Moderate Intervention Specialist (K-12) candidates also complete EDU 494, Remediation Across the Curriculum, which includes a component on ESL language development and strategies.
