

Department of Nursing
Licensure Requirements by State

Registered Nurse Professional Licensure Requirements

Uniform Licensing Requirements from the National Council of State Boards of Nursing (NCSBN)

Uniform Licensure Requirements

Uniform Licensure Requirements (ULRs) are the essential prerequisites for initial, endorsement, renewal and reinstatement licensure needed across every NCSBN jurisdiction to ensure the safe and competent practice of nursing. ULRs protect the public by setting consistent standards and promoting a health care system that is fluid and accessible by removing barriers to care and maximizing portability for nurses. They also assure the consumer that a nurse in one state has met the requirements of the nurses in every other state. ULRs support the fact that the expectations for the education of a nurse and the responsibilities of a nurse are the same throughout every NCSBN member board jurisdiction in the United States.

Source: <https://www.ncsbn.org/107.htm>

1. Nursing Education Requirements RN:
 - a. Verification of graduation or eligibility for graduation from a Member Board approved precensure RN program.
 - b. Verification by a credentials review agency of graduation from a nursing program comparable to a Member Board approved RN precensure program. OR
 - c. Graduation from a nursing program comparable to a member board approved RN program. This program should be approved by an accrediting body or other authority whose role it is to approve nursing programs in that country.
2. NCLEX Requirements:
 - a. Verification that applicant successfully completed NCLEX-RN.
3. Additional Public Protection Requirements: Criminal Background Check
 - a. Assessment of all misdemeanors, felonies, and plea agreements (even if adjudication was withheld) of all individuals applying for licensure on a case-by-case basis to determine board action.
 - b. Require psychological evaluation for all individuals convicted of a sexual offense involving a minor or performing a sexual act against the will of another person. This evaluation should be performed by a qualified expert approved by the board. If the evaluation identifies sexual behaviors of a predatory nature the board of nursing should deny licensure.
4. Additional Public Protection Requirements: Substance Use Disorders
 - a. Require a substance use disorder evaluation to verify the applicant is capable of practicing nursing safely.
5. Additional Public Protection Requirements: Other Licenses, Certifications, Registrations
 - a. Assessment of any actions taken or initiated against a professional or occupational license, registration or certification and consideration of the individual's ability to practice nursing safely.

Registered Nurse Licensure in Ohio

The Baldwin Wallace University Bachelor of Science in Nursing program graduate meets the requirements to apply for the Registered Nurse license in the state of Ohio. The Baldwin Wallace University Bachelor of Science in Nursing program is fully approved by the Ohio Board of Nursing. Additionally, The baccalaureate degree in nursing at Baldwin Wallace University is accredited by the [Commission on Collegiate Nursing Education](#).

Registered Nurse Licensure/Certificate Requirements Outside of Ohio

BW students and alums who intend to practice nursing in another state are responsible for contacting the applicable state licensure board to confirm the state licensure requirements. The information listed here can be used as a guide.

The Statement on the following chart, “**Meets Requirements**”, will be interpreted as:

Baldwin Wallace University Department of Nursing Program meets state educational requirements for professional licensure or certification.
